

Curriculum Vitae

- Name: Raghda Nageh ElMahdy
- Title: Lecturer
- Department: Pharmacy Practice

- E-mail: raghda.elmahdy@su.edu.eg

A) Academic Qualifications:

- Bachelor's Degree in Pharmacy. University: Tanta Year: 2013
- Master Degree in Pharmacology and Toxicology University: Tanta Year: 2020
- Ph.D in Pharmacology and Toxicology University: Mansoura Year: 2024

• **Other Qualifications:**

B) Academic promotions:

- Assistant Lecturer, Date: 2020-2024
- Lecturer, Date: 2024- present

C) Scientific Merit:

- Google Scholar: <https://scholar.google.com/citations?hl=en&authuser=2&user=KJMMpNMAAAAJ>
- Scopus ID: 58395282100
- Citations: 22 h-index: 2 i10-index: 2
- ORCID <https://orcid.org/0009-0007-9948-0444>

D) Scientific Activities

1: Membership of Professional Organizations and Scientific Societies

Participate in summer training in the Educational Pharmacy for International Students in Drug Information Center, Faculty of Pharmacy, Tanta University.

2: Training Courses/workshops:

Participate in summer training in the Educational Pharmacy for International Students in Drug Information Center, Faculty of Pharmacy, Tanta University.

Speaker at the 34th Annual Congress of Faculty of Medicine which was held on 5-8/3/2019 at Tanta University, Egypt (6th International Congress Accredited by AACME).

3: Conferences, Seminars and Workshops:

- A course entitled (HPLC Analysis) that was held on 05/19/2015 at the Pharmacy Services Center - College of Pharmacy - Tanta University.
- A seminar entitled (Dissolution), presented by Hanson, which was held at Future University on April 23, 2015.
- A course entitled (Quality control of tablets), which was held on 3/19/2015 at the Center for Pharmaceutical Services - College of Pharmacy - Tanta University.
- Speaker at the 34th Annual Congress of Faculty of Medicine which was held on 5-8/3/2019 at Tanta University, Egypt (6th International Congress Accredited by AACME).
- ICDL course that was held on 11/2019 at Information and Communication Technology Training Center, Tanta University.
- Intensive English Language course which was held on 2019 at Tanta University Languages and Continuing Education Center (LCEC).
- A course entitled (English for Academic Purposes, EAP) that was held on 14 February 2023 at Mansoura University.

A Course entitled (International Publishing of Scientific Research) that was held on 18-19 April 2023 at University Development Center- College of Pharmacy - Mansoura University.

- A course entitled (Research Ethics) that was held on 7-8 May 2023 at University Development Center- College of Pharmacy - Mansoura University.

4: Other Activities:

- Speaker at the 34th Annual Congress of Faculty of Medicine which was held on 5-8/3/2019 at Tanta University, Egypt (6th International Congress Accredited by AACME).

F) Scientific Publications:

Last 10 year of published Scientific Papers

-International journals:

- El Mahdy, R., Nader, M., Helal, M., Abu-Risha, S. and Abdelmageed, M. (2024): Tiron ameliorates acetic acid-induced colitis in rats: Role of TGF β /EGFR/PI3K/NF- κ B signaling pathway. International Immunopharmacology, 128, 111587 .
- El Mahdy, R., Nader, M., Helal, M., Abu-Risha, S. and Abdelmageed, M. (2023): Eicosapentaenoic acid mitigates ulcerative colitis-induced by acetic acid through modulation of NF- κ B and TGF- β /EGFR signaling pathways. Life Sciences, 121820.

- National journals:

El Mahdy, R., Risha, S., ElSisi, A., and Sobhy, W. (2019): Protective Effects of Sildenafil and Moringa Alone or In Combination on Indomethacin induced Gastric Ulcer in Rats. The 34th Annual Congress of Faculty of Medicine, Tanta University, Egypt.

G) Skills

- Language Skills: Writing and speaking English language - Excellent.
- Computer Skills: Dealing with computer very well (word / excel / power point)- Excellent.
- Presentation skills: Excellent
- Other skills:

Experience in dealing with (HPLC / UPLC) chromatographic separators, as well as dealing with (UV / fluorescence) devices of various kinds

- The ability to identify many drugs in complex aqueous and complex media (plasma).
- Conducting many theoretical studies (Expert reports) for many drugs for a number of companies which include pharmacological, clinical and non-clinical reports.
- Prepare methods of chromatographic separation and achieve the efficiency and suitability of the method for drug separation according to international standards (ICH guide lines).
- Carrying out a number of bioequivalence studies for many medical preparations, in accordance with international standard specifications and in accordance with the conditions of the Egyptian Ministry of Health.
